

SINFONIA

Technical features

- Brassy group weight 3 Kg.
- PID temperature control system.
- Heat sources separation.
- Coffee boiler temperature control system.
- Steam boiler temperature control system.
- Group temperature control system.
- Cup warmer temperature control system.
- Graphic display with multifunctional touch pad
- Ubs connection to meters reading.
- Volumetric pump capacity 100L.
- Steam professional taps.
- Reduction absence

Security and Functions

- Probe security water level in coffee boiler
- Probe security water level in steam boiler
- Sensor alarm group heat
- Sensor alarm coffee boiler heat
- Sensor alarm steam boiler heat
- Sensor alarm cup warmer heat
- Steam boiler security thermostat manual rearming
- Coffee boiler security thermostat manual rearming
- Group security thermostat manual rearming
- Cup warmer security thermostat automatic rearming
- switching on / switching off power supply group
- Safety power relay
- Short circuit protection in control unit
- Touchpad keyboard controlling cup warmer temperature

- Electrical power management
- Boiler time out
- ARMONIA Program

Sinfonia	2 groups	3 groups
Dimensions (L x P x H)	854x574x545	1054x574x545
Weight	89 Kg.	105 Kg.
Electricity supply (penta polar plug capacity 16A)	230V 50-60 Hz	230V 50-60 Hz
Coffee boiler	5,5 Lt	7 Lt
Steam boiler	5,5 Lt	7 Lt
Power	3900 W	6000 W
Coffee heating element	1500 W	2000 W
Steam heating element	2000 W	3000 W
Group warmer	200 W	200 W
